The Emergency Controls panel is a dark-themed interface with a red border. It features a title bar with a shield icon, the text "EMERGENCY CONTROLS", and a close button. Below the title bar, a red dot and the text "LIVE TRADING ACTIVE" are displayed. The main area contains four large buttons: "HALT TRADING" (red with a stop sign icon), "CLOSE ALL" (orange with a trash can icon), "PAUSE AGENTS" (yellow with a pause icon), and "RESUME NORMAL" (green with a play icon). Below these buttons, the section "OPEN POSITIONS (12)" is shown, with a "SELECT ALL" button and a "CLOSE SELECTED (0)" button. A table lists the open positions, including NVDA, BTC, TSLA, ETH, and AMD, with columns for checkboxes, stock names, positions, quantities, and P&L. A small box in the bottom right corner shows "1476 x 645".
